PORCH ENCLOSURES

Our porch enclosures are manufactured from custom made enclosure panels which are specifically designed to fit into existing openings. Each panel is made from 1-3/4" aluminum enclosure rails and is assembled on site with slip channels for even and uneven openings. Storm doors are then installed to complete the enclosure, providing you with year-round beauty, versatility and comfort.

Advantages

- Protection from the elements and insects
- A winter buffer zone keeping heat in and drafts and snow out
- Ventilation
- Added security
- Extra space
- Virtually maintenance-free

Standard Features

- Fixed or operating panels
- 3mm glass
